SUMMARY

Highly motivated and detail-oriented Data Analyst intern with hands-on experience in data analysis, data visualization, and machine learning projects. Skilled in Python, SQL, Excel, and data-driven problem-solving, with the ability to collect, clean, analyze, and interpret complex datasets. Eager to apply analytical skills, gain industry experience, and contribute to business insights and decision-making in a dynamic organization.

EXPERIENCE

Machine Learning Intern | Gradtwin Services (Feb 2026 – May 2026)

- Developed an AI-powered predictive maintenance system to forecast industrial equipment failures using machine learning algorithms and historical sensor data.
 - Performed data preprocessing, feature engineering, and model training to improve prediction accuracy and reduce unplanned equipment downtime.
 - Collaborated on model evaluation and deployment, enabling proactive maintenance decisions and enhancing operational efficiency.
-

PROJECT

Analysis And Prevention Of AI-Based Phishing Email Attacks

2025

- Technology: HTML, CSS, Python, Dataset, XG-boost algorithm
- In this project, we developed a system to classify email messages as spam or not spam. To achieve optimal prediction accuracy, we used a dataset along with the XG-Boost algorithm for effective spam detection

Cyber Hacking Breaches Detection and Prediction Using Machine learning

2026

- Technology: Python,HTML, CSS, Dataset, XG-boost algorithm
 - Developed a machine learning-based system to detect and predict cyber security breaches by analyzing network and security data patterns. Improved threat identification accuracy through data preprocessing, feature engineering, and predictive modeling techniques.
-

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

2023-2026

Coimbatore Institute of Engineering and Technology
7.06 CGPA

Diploma in Computer Technology

2021 - 2023

Kongu Polytechnic College
Percentage-91%

High Secondary School

Sree Ganga Higher Secondary School
HSC - 76.5%

2021

SKL Public Matric Higher Secondary School
SSLC - 68.2%

2019

ADDITIONAL INFORMATION

- **Technical Skills:** Python,Java,Html, Css, Javascript,Excel, MySQL
- **Soft Skills:** Good Communication, Team Work,Adaptability,Problem Solving
- **Certifications:** Introduction To Internet Of Things,2025(NPTEL online),Fundamentals of Deep Learning ,2024(NVIDIA),Basics of Python,2024(Infosys springboard)
- **Course:** Python Basic in Digilabs,2024(1 month ,online),Full Stack Development in NoviTech,2025-2026(1 month, online)
- **Internship:** Internet of things in VIT College,2024(15 days , offline)
